

Services

Conéctate Colorado is offering the following services:

- Website support for small businesses and individuals using open source code (specialize on Wordpress, Joomla and can coach you for Podcasting solutions).
- Technical translations from English to Spanish for technical documents (editorials or companies).
- Spanish classes to organizations (non-profit, corporations, law enforcement, hospitals, schools). We are Certified using Reality Spanish for All from LingoLynx.
- If you are a non-profit organization we can give you a special discount on our services.
